COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to Accept Cost of Construction Report and Hear Objections From Property Owners Liable to be Assessed for Installation of Sidewalks at 1907 and 1911 South Church Street

MEETING DATE: April 1, 1992

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council do the following:

- 1) Receive and confirm the attached Report of Costs;
- 2) Hear any objection or protests from property owners liable for assessment for the installation of a sidewalk;
- 3) If there are no objections or if the objections are overruled, adopt a resolution confirming the Report of Costs and assessment against the real property; and
- 4) Order preparation of Notice of Lien and direct the City Clerk to file the lien if assessment is not paid within the five days allowed in the Streets and Highways Code.

BACKGROUND INFORMATION: As part of the Church Street reconstruction project, 300' N/Century Boulevard to Kettleman Lane, four property owners were notified to construct sidewalk where none existed. At the time the contract was awarded for the Church Street reconstruction project, all four property owners were notified of the cost if the City's contractor did the work. Two of the property owners made arrangements for the sidewalk installation and two did not. Before the City had its contractor install the sidewalk, those owners who had not made arrangements for the installation of the sidewalk were again notified that, if it was not done within the time frame allowed in the Streets and Highways Code, our contractor would do it. The City's contractor installed the sidewalk on two properties where the owners did not.

After the project was completed, those property owners who had not installed the sidewalk on their own were given a courtesy letter stating the amount of the sidewalk installation and informing them that the procedure to start the lien process would begin if we had not heard from them in thirty days. One of the letters sent to the property owner had an incorrect amount on it. That error was not discovered until past the time to begin the lien process. The property owner had not contacted the City or made arrangements to pay this bill until after the thirty days and the property was posted. The correct amount of the cost of construction was on the posting and was again sent to the owner. At that time, the property owner paid the lower, incorrect amount. The property owner was notified within an hour after he paid the bill that it was an improper amount and that the amount shown on the Report of Costs, which was posted on the property and mailed to him, was the proper amount. He was informed that he could either make up the

difference or we would deduct the amount that was paid and process the amount that was still owing on his property. Attached is a copy of the letter of explanation that went to the property owner.

Streets and Highways Code Section 5883 requires that a public hearing be held to hear and pass upon the Report of Costs and to hear protests which may be raised by property owners.

After the public hearing the Council shall confirm the Report of Costs. assess the cost of construction to the affected properties and order the preparation of a notice of lien to be filed with the tax collector if, after being billed, the property owner does not pay the bill within five days. This method is consistent with the way the City has previously collected for the installation of sidewalk.

SUBJECT: Postponement of Public Hearings and New Billing

As discussed with you this afternoon, we are enclosing a new billing for the installation of curb, gutter and sidewalk at 1911 South Church Street. This bill shows the balance due.

As explained, the amount you were billed in January was an incorrect amount. That error was not discovered until last week when the public hearing notices were being prepared. Since the time specified for payment of the bill had passed, we did not rush to correct it. I have enclosed the new billing with the correct amount of \$4,200.75 which was originally shown in our letter to you dated August 13, 1991. We also show the amount paid on March 12, 1992 and the balance due. In the Report of Cost which was mailed to you and posted on your property on March 6, 1992, the cost of the improvement was shown as \$4,200.75 as well as an administrative cost of liening the property of \$210.04. The bill enclosed with this letter is in the amount of \$4,200.75 less payment made of \$2,800.50, leaving a balance of \$1,400.25.

Also enclosed is copy of the Council Communication from the City Manager stating that the public hearings which were scheduled for March 18 have been postponed until April 1. Because of this postponement, it will be necessary for us to again notify you of the public hearing and post the property. The Report of Cost which you receive with the next notice will show a credit for the amount paid. It will also show an administrative cost based on the balance. If that balance has not been paid by the time given in the letter you receive after the public hearing, the administrative cost will be added to the amount of the lien.

We are sorry for the inconvenience the improper amount shown on the bill has caused. If you have any questions, please call me or Sharon Blaufus at 333-6706.

SUBJECT: Curb, Gutter and Sidewalk Installation at 1911 South Church Street
APR 062-020-23

At its meeting of April 1, 1992, the City Council confirmed the assessment against the real property for the curb, gutter and sidewalk that was installed by the City in front of your property.

Enclosed is a bill in the amount of \$1,400.25 which is the difference between the actual cost of installation and the amount you paid on March 12, 1992. If the property is liened because this bill is not paid, the administrative cost shown on the enclosed Report of Cost, dated March 20, 1992, will be added. Section 5890 of the Streets and Highways Code provides that the property owner will be given five days in which to pay this assessment. If the bill is not paid within that time, a notice of lien will be turned over to the tax Collector and this amount will be collected with your next year's property taxes. If not paid, it will become delinquent and be handled the same as other delinquent property taxes.

If you have any questions, you may contact the City Attorney at 333-6701.

SUBJECT: Postponement of Public Hearings and New Billing

As discussed with you this afternoon, we are enclosing a new billing for the installation of curb, gutter and sidewalk at 1911 South Church Street. This bill shows the balance due.

As explained, the amount you were billed in January was an incorrect amount. That error was not discovered until last week when the public hearing notices were being prepared. Since the time specified for payment of the bill had passed, we did not rush to correct it. I have enclosed the new billing with the correct amount of \$4,200.75 which was originally shown in our letter to you dated August 13, 1991. We also show the amount paid on March 12, 1992 and the balance due. In the Report of Cost, which was mailed to you and posted on your property on March 6, 1992, the cost of the improvement was shown as \$4,200.75 as well as an administrative cost of \$210.04. The bill enclosed with this letter is in the amount of \$4,200.75 less payment made of \$2,800.50, leaving a balance of \$1,400.25.

Also enclosed is copy of the Council Communication from the City Manager stating that the public hearings which were scheduled for March 18 have been postponed until April 1. Because of this postponement, it will be necessary for us to again notify you of the public hearing and post the property. The Report of Cost which you receive with the next notice will show a credit for the amount paid. It will also show an administrative cost based on the balance. If that balance has not been paid by the time given in the letter you receive after the public hearing, the administrative cost will be added to the amount of the lien.

We are sorry for the inconvenience the improper amount shown on the bill has caused. If you have any questions, please call me or Sharon Blaurus at 333-6706.
